

LAPIDEM small seat - 122,5 cm long
made of quartz conglomerate.

The LLA107.00 model is covered with
a protective coating and can be
additionally equipped with an
inductive charger, WiFi router or LED
backlight.

With their natural form and material,
the elements of the LAPIDEM
collection break the regularity of
public space, introducing a breath of
fresh air into it. The unique shapes of
the seats and pots give great
opportunities to use the LAPIDEM
collection in various projects.
