

From collection **FULFIT**

FULFIT information board made of steel.

The RFT260.00 model is a board with a list of selected exercises that can be performed using the FULFIT series fitness benches. The board is made of dibond boards and attached to a solid steel structure. The board is a perfect complement to the sets of FULFIT benches and steps.

The FULFIT collection is an attractive and economical way to create a space for exercise in city parks, housing estates, and in areas of commercial investment. An additional value of the collection is a complete set of exercises and training, developed by professionals. More at www.fulfit.pl.
