

TORO table - 160 cm wide and 80 cm high with a wooden top and a steel frame.

Together with TORO benches the TOR137.00 model can be combined into picnic sets.

TORO is a simple and modern collection of street furniture. The number of elements used has been reduced to a minimum, using the support of a steel flat bar as the structure and supporting frame for the wooden elements.. The curves of the TORO furniture elements increase their strength and give the whole a soft, friendly character.
