

The TOR138.00 model is a picnic set composed of the 160 cm wide and 80 cm high TORO table and two 80 cm wide TORO benches with no backrests. The table and benches are made of wood with a steel frame.

TORO is a simple and modern collection of street furniture. The number of elements used has been reduced to a minimum, using the support of a steel flat bar as the structure and supporting frame for the wooden elements.. The curves of the TORO furniture elements increase their strength and give the whole a soft, friendly character.
